

OFFICIAL NOTICE: New Grading Scale for 2015-16 School Year

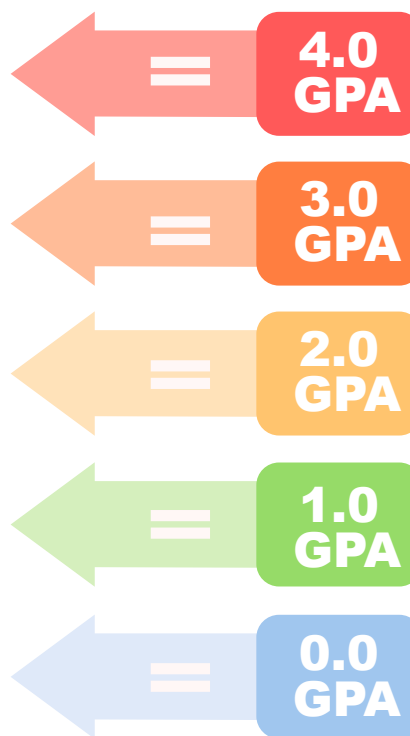

Beginning this school year, 2015-16, the state board of education requires all school districts to implement a new grading scale. This new scale applies to middle schools and high schools, and changes the way letter grades are assigned and how grade point averages (GPAs) are calculated. It also changes the way 9th graders earn “quality points” for taking courses at a more rigorous level. Students in grades 10-12 will continue to earn quality points the same as in years past.

Please take time to read the following information to better understand what these changes will mean for your student.

For All Middle and High School Students

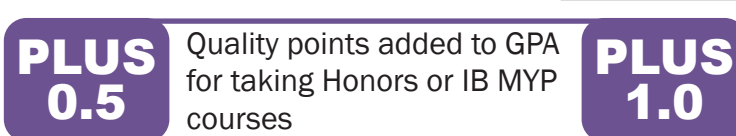

For High Schoolers Only

Why the change?

- N.C. General Assembly changed the law
- Standardizes grading system across the whole state
- Middle school grading now aligns with high school

9th Grade

10th, 11th & 12th Grades
